Attendees teleconference:  
Gordon Hodge, THI President

Commissioner John Harris called the meeting to order at 4:00 p.m. and lead a discussion on the District's plans to repair and connect the District's 6" VCP storm drainage line that extends southerly about 220 feet from SDMH D100 to SDMH D100a. This repair involves lining approximately the first 50 feet of the pipe line beginning at SDMH D100. The Adkins affirmed that they thought this was a reasonable approach to this connection at this time. Commissioner Harris also explained his understanding and the likely work that will be a part of other planned projects in and surrounding Lot 35 over the next few years as the District completes the lower Cherry Loop storm drainage improvements and the LS1 Abandonment program.

At 4:50 p.m. the meeting was adjourned.

Respectfully submitted
